Journal [of the] Legislative Assembly
1870

Legislative Assembly of 1870

First Day.

The Legislative Assembly was opened by His Most Gracious Majesty the King pursuant to Royal Proclamation the 20th day of April A.D. 1870 at 12 o'clock noon.

After Prayer by his Lordship the Bishop of the diocese His Majesty then delivered the opening address to the Legislative Assembly as follows:

Honourable and Representative Members,

Since the prorogation of the last Legislature it has pleased Almighty God to take from me, the best of Fathers who was, during his life time, the wisest and most discreet of Councilors, and who as your President, was always revered by you. This has been a bereavement for the Nation as well as for myself. A long and varied life has been closed in peace and honor. Let us be thankful for his example. You will preserve my message ever fresh, whilst the best wish I can have for you is, that I may ever preserve the remembrance of his precepts, and follow the example of his pure patriotism.

During the last two years, my people have increased in prosperity. Crops have been abundant and markets good.

It seems as if by Ocean Lines of Steamers, our situation in mid-ocean is about to be turned to our advantage. The question of aid to Oceanic and Inter Island Steamers, has occupied the attention of my Government, and again deserves your careful consideration. I especially commend to your fostering care, stage communication between the Islands, believing that liberality in this respect is the wisest economy.

Our relations with all Foreign Governments are most satisfactory. I have concluded a Commercial Treaty with Russia.

The Treaty of Reciprocity, which was negotiated with the Executive Government of the United States, is still before the Senate of that Country.

A
The Board of Immigration has endeavored to execute the will of the Legislature, as expressed in its last Session, with regard to immigrants from the Polynesian Islands. But after two expeditions, it has become evident that no considerable or permanent increase of population can be expected from that source.

The Report of my Minister of the Interior will show you that an extraordinary expenditure has been deemed necessary by the Board of Health. The health of the people is an object of the greatest solicitude to me, and I commend to your careful consideration the measures adopted by the Board, and request that you will give this matter your gravest attention.

Justice continues to be administered as I believe, ably and impartially.

The work of education has been prosecuted with zeal, fidelity and success. The appropriation of the last Legislature has been used with impartiality, and as far as I have been able to learn, to the satisfaction of all.

The Finances of the Kingdom still remain in a prosperous condition.

Honorable and Representative:

In summoning you again to the performance of your responsible duties, I rely with implicit confidence upon your wisdom and patriotism, and pray most earnestly that He in whose hands are all the nations of the earth may guide your councils, and preserve our Kingdom for a bright future.

We now declare the Legislature of the Kingdom opened.

The Assembly was then called to order and by request of the House His Ex. L. Kahaolua took the chair pro tempore.

May it Please Your Majesty. The Special Committee appointed by the Legislative Assembly to reply to Your Majesty's gracious speech at the opening of the present session beg leave to say:

Your Majesty's people fully appreciate the benediction which the nation has sustained by the removal from our midst through the Providence of Almighty God, of the Father of Chiefs and Kings, the Monarch, the Advisor, and Guardian of the House of Nobles. After his long labors in the service of the Government he reposes. But he has left behind him for our example the memory of his own life, and the record of his words of wisdom, that we may follow in his footsteps.

We are pleased to learn that Your Majesty's people are increasing in prosperity, that crops have been abundant and markets good.

We shall direct particular attention to the carrying of Ocean Lines of Steamers, as well as to that of Inter Island Steam Communication, because by the permanent establishment of these communications by steam vessels, our Islands may become a place of rest and refreshment for travellers, and by means of these transit visitors, the general prosperity of the Nation may be advanced. We trust that a sufficient appropriation will be made to support the Inter Island steamer, as a means of facilitating communications and the transportation of produce between the ports of the Kingdom.

Your Majesty's people are pleased to learn that our relations with Foreign Governments are most satisfactory, and that a Commercial Treaty has been concluded with Russia, and they await with confidence the ratification of the proposed Reciprocity Treaty with the United States of America.

We are gratified to know of the endeavors of the Board of Immigration to execute the will of the Legislature. And if the duties of that Board are fully performed, prosperity must result through the introduction of more laborers on the Sugar plantations. We trust that the Board may be successful in its labors.

We together with Your Majesty, feel a deep solicitude for the health of the people, in common with all the lovers of their country, and we shall give the measures adopted by the Board our greatest and most careful attention, for to this care and industry is committed the protection of the life of Your Majesty's people.

But we beg to express our grief at seeing this nation going on the road to death from the prevalence of epidemics, fever, and leprosy. But we have great confidence in the Administration of the Board of Health, and we shall consider the propriety of increasing the appropriation for that service.

We are glad to learn that the Laws have been administered with justice and impartiality.

We are also pleased to know that the cause of Education continues to be conducted with vigor and success.

And we are gratified to know that the Finances are in a good condition.

An motion of the Hon Mr. Lyons Report passed to the Translator.

Hon Mr Hitchcock Chairman of Select Committee to whom was referred the Revision of the Rules of the Assembly Reported consideration as follows:

Hon E. L. Nahaelua,

President of the Legislative Assembly,

The Select Committee appointed for the Revision of the Rules would Report to you the same for the consideration of the House with the following amendments and additions:

Rule 72 is amended by inserting the words "by its title" after the word "title" in the second line.

The rule for the punishment of disorderly members adopted by the House of 1868 is inserted and numbered 31.

A new rule on decorum is inserted as number 32, and reads as follows: Rule 32. No member or officer shall smoke within the Legislative Hall during any of the Sessions of the House.

The rules are re-numbered in their proper order and after Rule 32.

Rule 31. If any member shall conduct himself in a disorderly manner during any session of the Assembly the President or Vice President shall order such member to keep his seat and preserve the peace, and, if he shall then persist in his disorderly behavior the President or Vice President shall order the Sergeant at Arms to remove him from the Assembly, and he shall not be permitted to take his seat during the remainder of that days session except upon satisfactory pledge given by him to the Assembly, of future good behavior.

Hon Mr Lyons moved to amend the Report by adding

thru. Rule 72^a Upon the final passage of every Bill the vote shall be taken by Ayes and Noes, which was put to vote and carried.

Hon^{ble} Mr. W. L. Kamakau moved the adoption of the Report as amended.

Hon^{ble} Mr. Kalama moves that the Report be received, and referred to a Committee of the whole House, which was put to vote and carried.

Hon^{ble} Mr. Hitchcock, Chairman of Select Committee appointed at the Legislative Session of 1868 to confer with the Minister of Finance upon the subject of taxation at present obtaining in the Kingdom, suggest changes, or otherwise remodel the same, and Report to the Assembly at its session of 1870. submitted the following Report.

The last Legislative Assembly appointed a Select Committee, to confer with the Minister of Finance upon the system of taxation at present obtaining in the Kingdom, suggest changes, or otherwise remodel the same, and report to the Assembly at its session in 1870. The Committee, would beg leave to submit the following Report.

For purposes of careful consideration we have divided our subject into the following classes:

- I. Personal Taxes
- II. Taxes on Property
- III. Taxes on Animals
- IV. Commercial Imports, or Duties.

I. Personal Taxes

There are polls one dollar, School two dollars, Road, two dollars. There are payable (exceptions provided for by law) by all His Majesty's male subjects, from the age of seventeen to sixty years. The poll tax alone is paid into the public Treasury. The School and Road Taxes are used in the districts where they are raised and for the benefit of the people residing in the same. They are simply a compulsory method of making a people take some care of themselves. Who otherwise might not do so. The exemptions to Taxation provided for by law, are so numerous and liberal, that those

only who are able, are called upon to pay. The Committee are in favor of the personal taxes as they at present exist.

Property Tax.

This now amounts to one fourth of one per cent on all unincumbered property of One hundred dollars or more in value. The Committee are of the opinion, however, that certain kinds of property escape taxation in many instances.

B of Honolulu sends to his correspondent C on a neighboring Island a cargo of goods. B does not return this property to the Assessor as it is not in the district. On the other hand does not return it as his liability covers its value. The transaction may happen and each party be blameless. Again—no liabilities held in Foreign Lands are allowed to be pleaded as offsets to the payment of Taxes on property in the country, and justly too, inasmuch as the property receives the protection of the Government. The Committee are of the opinion that this principle might be beneficially extended to property held in the different districts of the Kingdom. The Government then its assessors find property in a district, which is subject to taxation. It also finds parties in the district holding and enjoying the use of such property.

The simplest way then in our opinion is to assess the taxes on property so found to the party in the district holding and enjoying the use of the same; leaving the party the right to offset the amount of taxes so paid, against any liabilities which may be held by the real owners of the property against them. The Committee have prepared a Bill to the above effect.

In the matter of Statistical Information the principles of the bill, place each district in its proper relation to the rest, in regard to the valuation of property in the district, and no one will deny the value of accurate means of information in such matters.

Taxes on Animals

At present horses over two years old one dollar, mules and Jacks fifty cents, dogs one dollar. A special act regulates the tax on stallions.

Regarded simply as property animals should be put down on the list of personal property to be taxed. If they are a nuisance they should not be taxed, but unimmanly abated, by special act, if

necessary.

The common horse of the country may be regarded by some as a nuisance, and taxed as such, in the hopes of thus abating the evil. Place the tax if you like as high as five dollars a head, and the poor native will pay it, keep his horse, and still send in his petition for the reduction of the horse tax.

We do not think that the idle portion of the community spends more time now, in pleasure riding than it did twenty years ago. The novelty of owning a horse has worn away, and the animal is now being put more and more, throughout the country to its legitimate use - a beast of burden, and means of conveyance; in some districts, rendered a necessity.

The Committee are inclined to deal severely with the dogs; this even here, where a dog may be an apparent source of consolation, delight or profit to its owner, protect it with a tax, and also a tag around its neck, and let all others be outlawed.

We have embodied our opinions on the animal tax in the shape of a Bill, herewith submitted for the consideration of the Assembly. In the construction of the bill, we have not simply considered the tax as a means of raising a revenue, against which the people will not object, provided it can be reduced; but we have also considered the best means by which a nuisance in the shape of a horse or dog, may be abated.

Commercial Imports.

Duties on foreign merchandise should be as light as possible when they affect articles of necessity to the people at large. We are of the opinion that a marked discrimination should be made in the assessment of duties on articles of necessity and luxury. Further; articles in themselves pernicious but which may be considered by a certain class of the community as a necessity should be heavily taxed if they cannot be entirely excluded.

We would call the attention of the Assembly to Articles 8 to 14 inclusive, and article 24 of the French Treaty which expired by limitation on the 8th day of September 1868 and which consequently leaves

open the door to some much needed reforms, especially the liquor question.

When a protective duty is necessary we would advocate protection; but the traders at present existing within borders, do not need the protection of high duties upon foreign manufactures.

Such a course would be a partial one, favoring manufacturers at the expense of consumers.

General Remarks

The Committee have not felt called upon to recommend an increase of taxation in any direction, not because we do not consider such an increase in some measure called for, but, the Government have not intimated that such an increase is necessary. There are however subjects which will doubtless call for an increase of appropriation. The sanitary condition of the nation calls for a large increase of appropriation in that direction. This is the question of the day to which any other question must be secondary. We are prepared to recommend to the House, to pass, if necessary, the provisional bill, which now awaits the action of the United States Senate, on the Reciprocity Treaty. If thereby the sanitary condition of the people may be benefited.

The roads of some districts need large sums of money to be expended upon them in order to bring the produce of the country to its ports, in marketable shape. Let the taxes of the people be used to develop the resources of the country, and perpetuate Hawaiianz for Hawaii.

Application of William S. Wond.

Honolulu May 5. 1890

To His Excellency C. B. Harris,

The Hon. D. Kalakaua,

The Hon E. H. Boyd, composing the Select Committee to propose the names of Candidates for Interpreter to the Legislative Assembly.

Gentlemen:

As I received the highest vote of any of the candidates before the Legislative Assembly for the Office of Interpreter to that body, previous to the reference of the matter to your Honorable Committee I respectfully solicit a favorable consideration of my name as a candidate. I have for the last four years had considerable experience as an Interpreter on various legal and other subjects in the law office of Mr W. Claude Jones, and as I have never heard any complaints made, I believe myself competent for the situation. I have tried and by study to qualify myself and if I am defective in anything I hope that by labor and assiduous attention that I will be enabled to overcome any defect. It should be my constant aim to render myself worthy of the confidence reposed in me.

I Remain Very Respectfully

Your humble and devoted servant

(signed) William S. Wond.

Twenty second Day

The Legislative Assembly met pursuant to adjournment at the Court House in Honolulu this Twenty fifth day of May A.D. 1870 at 11 O'clock A.M.

Present His Ex. L. Kahanalana President in the Chair.

Prayer by the Chaplain.

Journal preceding Session read and on motion approved.

Hon. Mr. Krapun presented Petition from Honolulu praying that prisoners labor on Government Work only.
On motion laid on the table until consideration of Bill to amend Section 215. 216. of the Civil Code.

Hon. Mr. Mahine presented petitions from Kila praying that a Native Post Master be appointed at Kila for distribution of Hawaiian mails.
Referred to the Judiciary Committee.

Hon. Mr. Hitchcock of the Judiciary Committee Reported consideration of Petitions contesting the Election of Hon. L. W. Lilipo member from Hamakua Hawaii and do recommends that the Petition be laid on the table.
On motion Report adopted.

Hon. Mr. Hitchcock of the Judiciary Committee Reported consideration of the following Petitions as follows: and with recommendations to each.

From Honolulu

Petition praying "that no person hold office without first taking the oath of allegiance" such is now the case.
Recommended to table.

"That no person who keeps a mistress be employed by Government." Idea is good but impracticable. Recommended to table.

"That married and unmarried women be prohibited from making labor contracts with Foreigners."

A prohibitory law of this nature would incommode numerous families in obtaining household servants, and would also close a venue of honest employment to females desirous of earning a respectable livelihood.

Recommend to table pending further action by any member.

- 4 "That the crime of Adultery be punished by imprisonment two years". Such a law if enforced would withdraw a large per cent of our adult population and place them within prison walls. The present law is a strict one. Recommend indefinite postponement.

From Lahaina

- 5 "That the sale of different things on the Sabbath be prohibited there, the same as at Honolulu". The sale of different things is now prohibited throughout the Kingdom on the Sabbath. Recommend to table.

- 6.7 "That authority be given to the Local Circuit Judges to grant divorces. The way to divorce is too easy now. Recommend indefinite postponement."

From Kauai

- 8 "That Kuleanas be surveyed" that can be done now by parties owning Kuleanas, and there are existing laws to which recourse can be had to settle difficulties. Recommend to table.

- 9 "That persons work out sentences in the District where the offence was committed". the principle is good, but circumstances are often such that it cannot be carried out. Recommend to table, subject to any future action by the House.

- 10 "That two Representatives be returned from the District of Hawaii". recommend to table, and await action on the Bill to be introduced by the Select Committee on Representation.

- 11 "That costs of Court be reduced" Law is at best a costly thing to handle. Recommend to table.

- 12 "That no one be eligible to the offices of Tax Collector, Assessor, or justice of a lower court who does not understand the Hawaiian language". Such is now the practice in the appointment of these officers in the majority of instances. Recommend to table.

From Hilo.

- 13 "That a District Judge be appointed for North Hilo."

We do not think such an appointment would subserve the ends of justice. And that the case doubtless the appointment would have been made in this. Recommend to table.

- 14 "That the Masters and Servants Act be amended." Recommend to table pending the introduction of any Bill amendatory of such act.
On motion Report of Committee adopted.

Now Mr Bishop Chairman of Finance Committee Reported considerations of Petition from residents of Kau, praying that His Majesty's salary be reduced to £20,000 for two years. Petition from Koolauloa praying that the salary of His Majesty, the Ministers, and the Judges of the Supreme Court be reduced "three fifths" also Petitions from Hanalei asking for a reduction of the house tax and \$1000. for a second and Petition from Haianae and Ewa praying that "sixty years" be struck out of Section 480 of the Civil Code, and 486. and "fifty years" inserted. Report That the Petition from Hanalei for \$1000. belongs more properly to the Committee on Public Works, to whom Petitions of that character have generally been referred, and the Committee recommend the Assembly to lay the other petitions upon the table to be considered with the Acts now in the hands of the Secretary relating to the various subjects of those petitions. On motion Report adopted.

Now Mr Bishop Chairman of Committee on Foreign Relations reports considerations of Petition from the residents of Kau, praying that an Appropriation of \$40,000. to pay expense of fitting out an expedition to Butaritari to redress the wrong, and obtain satisfaction for the murder of men, and the shooting of Mr Mahoe. That the Committee has been assured by the Minister of Foreign Relations that such measures have been adopted with reference to the attack upon Mr Mahoe as are satisfactory to the friends of Mr Mahoe here, and as will probably prevent a repetition of such outrages, as are referred to in the Petition. The Committee is of opinion that it would not under present circumstances be wise to fit out an expensive expedition for Butaritari, and would therefore recommend to the Assembly to lay the petition upon the table.

On motion Report adopted.

Hon Mr Kipikau Chairman of Select Committee to whom was referred petition from Honolulu praying that prison labor only on Government Works Report consideration and Recommend that petition be laid on the table until consideration of Bills upon the subject.

On motion Report adopted

Hon Mr Bishop Chairman of Committee on Foreign Relations reports consideration Petitions from Hanalei

and Kan that no more labourers be brought into this Kingdom and that in its opinion one of the greatest wants of the County is population - a labouring population - the opportunities and demands for labor having steadily increased, while the labourers and population generally has rapidly decreased. that the Committee believe that the Governor intended these demands for occupations and improvement by man, and that considering that a once large population 800,000 perhaps has by disease and death decreased to about 60,000 increasing efforts should be made to fill up the ranks, not with idlers but with industrious people; and if they will not come without, to have them come with contracts, that the wealth and strength of the County will increase in population, as the number of people profitably employed increase, and that all classes may if they improve their opportunities, have a share in such prosperity; that the Kamehameha's and other Chiefs of Hawaii are all been friendly to foreigners without regard to nationality, and especially to those who were industrious and skillful and that it would not be good policy for the Rulers or people of this County, in these days, to adopt an exclusive or "Dog in the manger" policy.

The Committee recommended the Assembly to lay said Petitions on the table.

Nobles & Representatives:

Your devotion to business during a protracted Session, and the considerations accorded to my suggestions at the opening of the Legislative Assembly, have been noticed by me, with feelings of great satisfaction, it has given me pleasure to observe the cordial accord which has been maintained by you with the Ministers of the Crown. The confidence which I expressed at the opening of your Session, in your patriotism and wisdom has been fully justified.

For your liberality to myself and Family, accept my heartfelt thanks.

Your liberal appropriations for the maintenance of the Government will be expended as hitherto, with strict economy and care for the public good.

Fully appreciating your loyalty to myself, and love for the Institutions of my Kingdom, I trust the Laws which you have enacted will promote the welfare of the County and all its inhabitants.

Upon your return to your constituents, I hope you will enlighten them by your advice, and excite them to a jealous care of health, Morals, Education and above all, that you will apprise them of my constant solicitude for their welfare.

In dismissing you from your labors, I pray Almighty God that He may grant you, each and all, length and days of prosperity; and that He may keep Our beloved Country, from harm and guide us to Happiness. And I now declare the Legislative Assembly prorogued.
